

MOTHERS DAY DAISIES BOUQUET

First, make sure that you have all required materials to create an adorable felt daisies bouquet for your Mom!

Cut felt into various sized and shaped flowers and circles. You can use some ready-made die cut flowers or draw your own ones with **Kores K-Liners!**

WHAT YOU NEED

Make Moms day an unforgettable one!

- Kores White Glue
- Kores Eco Universal Glue
- Kores Kids Scissors
- Kores K-Liner
- Felt fabric sheets
- Printed flower templates
- Small green ribbon
- Paper straws
- Colourful buttons in different sizes
- Wood raffia

Select your favourite colours of felt pieces to create beautiful pattern combinations! Tip: try to make 3-5 layers for each flower.

Apply **Kores White Glue** to the center area of each felt layer, let it dry.

Glue colourful buttons to the center of each flower, press them together for several seconds and let it dry.

Glue paper straws to the back of the flowers. Use **Kores Eco Universal Glue** for strong hold and easy clean application.

Now you can create leaves: just tie short green ribbons to the paper straws.

Fill up a vase with wood raffia. You can also use other similar materials (for example, shredded paper).

Place the flowers in your vase and arrange them in a best way, so that the bouquet looks lush and showy.

Your lovely bouquet of daisies is ready! This is an easy-to-make and cute gift for a Mother's Day. It will not only make your mom smile on this special day, but bring her joy all the year round.
