Prepare several popsicle sticks combinations: 3 pieces per every set.

Assemble the popsicle sticks into a triangular shape and secure with the Kores Wood Glue.

5

Let the glue dry before starting to decorate the triangles. Tip: you can add paper clips to the corners while the glue dries.

6

Now you can start decorating! Use small dabs of Kores White PVA Glue to attach your decorations.

Glue the twines to the back of each hanger with Kores White PVA glue.

Cut out the bright stars for the tree tops and brown rectangles for the tree trunks. Prepare a bunch of them.
