

A vibrant display of colorful Easter eggs (red, orange, green, pink, purple, yellow, blue) nestled in green grass and decorated with small, colorful flowers. The eggs are arranged in a cluster, surrounded by artificial green grass and small, multi-colored plastic flowers. The background is white with a blue brushstroke effect on the left side.

Cut the base out of the eggs carton and paint it with Kores Temperas. It can be any size and colour you wish! Let it dry.

Celebrate Easter with your children,
and bring fun and colours wherever
you are!

- Kores White Glue
- Kores Eco Universal Glue
- Kores Kids Scissors
- Kores Dedi Kolor finger paints
- Kores Temperas
- Eggs carton
- 6-8 clean and empty eggs
- Colorful felt fabric sheets

Take a sheet of green felt fabric and cut out 4 grass shape stripes: 1 per each side.

Apply Kores Eco Universal Glue at the bottom of the carton, and glue the grass stripes, starting from the bottom.

Place more felt grass inside the carton and keep gluing it all around.

Prepare one more grass felt stripe. Cut out small felt fabric flowers, and glue them to the grass stripe with Kores White Glue. Be creative and prepare the flowers of different sizes, shapes and colours!

Stick the stripe with flowers onto one of the longer sides.

Empty and clean the eggs, and paint them with Kores Dedi Kolor finger paints or Kores Temperas. Make sure to cover them completely without leaving blank spaces. You might have to apply 2 or 3 layers of paint. Let them dry.

Carefully place the painted eggs inside your spring garden basket.

Thats it! Now you have your own fresh and colorful Easter Garden to decorate your home, classroom or office! Fun and super easy idea to celebrate Easter and spring time
