KORES: a powerful bond of tradition and innovation

Established amidst the charming landscapes of Vienna, Austria, back in 1887, Kores has become a distinguished brand in the realm of school and office supplies. Across four generations, this family-owned enterprise has been dedicated to crafting innovative, durable, safe and fun products.

From a child's first finger-painting to an office worker's brainstorming with paper and pen, Kores products empower creative expression in all its forms. The mission is simple: to encourage people to bring their ideas into the real world by exploring the vast array of creative tools at their disposal. Kores is represented worldwide with an inspiring product range designed in Vienna, Austria. The core brand values - quality and functionality - have remained unaltered for 139 years.

Kores' legacy of creative entrepreneurship

The journey began with a visionary entrepreneur: Wilhelm Koreska purchased a formula for coating paper 139 years ago. With his family, he began producing carbon paper and

opened a shop for office supplies in Vienna. From the start, the business flourished, and soon, a modern production facility for typewriter supplies was set up in Vienna's Wattgasse.

The product range of Kores grew rapidly, and in 1919, the founder's sons, Wilhelm Jr. and Robert, set the international expansion in motion. Two decades later, Kores had a strong global presence with production facilities in Shanghai, Latin America and Europe.

In the fourth generation, Clemens Koreska took the helm in 2013. Thanks to the company's strong brand-customer relationships, Kores achieved "Superbrand" status in the Czech Republic. The prize from an independent jury is considered one of the world's most important

honours for outstanding international brands. Since then, Kores has repeatedly been ranked alongside industry leaders.

Astonishing variety of Kores products

Over the course of decades, Kores has significantly expanded its product portfolio to nearly 600 products, which are now sold in 85 countries. Kores is a leader on the glue stick market in numerous countries and stands for an essential glue range specially developed for various purposes, applications and materials.

The company manufactures its adhesives, correction products and marking range, which includes highlighters, whiteboard and permanent markers, in Europe, ensuring customers receive high-quality, functional and sustainable products at a reasonable price. Kores also aims to be a "reliable life partner" for its customers. From children's favourite finger paints and "Magik Clay" to high-quality school supplies in trendy designs, including metallic-looking glue sticks, eco-friendly all-purpose glue, fun-shaped pencil sharpeners, the popular "K-series" of "Pen Super Slide," and flexible rulers - Kores' fascinating and diverse must-haves cover all the needs. The brand also appeals to university students and working professionals by offering reliable correction tools, writing utensils, highlighters,

scissors, markers, sticky notes, and office accessories. In recent years, Kores has focused on a new line of creative products designed for young people passionate about eye-catching designs, perfect for scrapbooking, hand lettering, card decoration, or trendy journaling using the Bullet Journal system.

Kores eko-responsible

Kores products are known for their reliability, durability, and safety. But the company takes an important step further in promoting creativity in harmony with nature through a commitment to using recyclable materials and packaging for its products. The "Eco-line" of glues, correction products, and markers, along with FSC-certified coloured pencils, is a prime example of Kores' devotion to sustainability.

We follow the international quality, environmental & consumer-safety standards:

KORES CARES!

At Kores, our commitment to sustainability drives continuous improvement.

Our glue stick range has been updated: all plastic shrink wraps and blisters will be replaced by eco-friendly carton multipacks and display boxes. This shift not only reduces plastic waste but also offers a more environmentally conscious option for our Premium and Special ranges. Together, we can make a positive impact on the planet while maintaining the quality you expect from Kores. Join us on this journey toward a greener future.

Kreative Marker Acrylic Liquid Ink

Take your creativity even further with **Kores Acrylic Markers - Liquid Ink**, designed for adults passionate about DIY, arts & crafts, and home décor.

This innovative range features a different ink technology than our standard range of Kreative Marker Acrylic Duo Tip: a Premium **Liquid Ink System** that delivers a rich, opaque finish with exceptional smoothness and precision. The ink glides effortlessly, offering the vibrant intensity of paint while maintaining the ease and accuracy of a marker.

With a bold, smooth flow and high coverage, every stroke brings your vision to life – whether you're upcycling furniture, personalizing décor, or adding flair to your next craft project.

Just shake, create, and enjoy long-lasting colour.

- Quick shake & paint – no pumping needed
- Very intensive colours with high coverage
- Continuous ink flow
- Long-lasting ink – up to 5 years
- Longer writing length than Kreative Markers Duo Tip
- Available in 12 pcs hanging box, 6 pcs blister
